Dahlia d'Oyley.

Abbreviations: ch., chain; tr., treble; d.c., double crochet; l.t., long treble; s.c., single crochet or slip-stitch.

UR model d'Oyley is worked entirely in crochet, and, bearing conventional resemblance to a dahlia, is particularly novel and effective for use at dessert or afternoon tea, being bold in design and very light and lacy in appearance. It is executed with fine cotton, W. Evans' No. 30, and a No. 7 steel hook, and measures 8 inches across.

Begin in the centre of the d'Oyley with 12 ch., and join in a circle by slip-stitching into first chain.

1st round—Make 12 ch., 1 tr. in the circle, * 9 ch., 1 tr. in the circle, and repeat from * eleven times if you wish a seven-petalled dahlia as shown in the illustration, or thirteen times if you prefer a flower with eight petals; then again make 9 ch., and join by single crochet to the third stitch of chain with which the round began.

2nd round—Slip-stitch up five chain to arrive at the middle of the first loop of nine chain, 5 ch., * 1 d.c. over the next loop, 5 ch. Repeat from * over each of the next thirteen loops.

3rd round—Make 3 ch. (to count as one treble), and work 5 tr. over the first loop of five chain, * 3 ch., 6 tr. in the next loop. Repeat from * till every loop contains its required filling of six treble; then finish the round with 3 ch., and join evenly to the third stitch of chain at the commencement.

4th round—Make 3 ch., to stand for a treble, work 5 tr. upon five of previous row (now and always inserting the hook to take up the front and back threads), 2 ch., 1 d.c. in the open space, 2 ch., 6 tr. on six, * 3 ch., 6 tr. on six, 2 ch., 1 d.c. in the space, 2 ch., 6 tr. on six, and repeat from *, and end with 3 ch., and unite evenly as before.

5th round—Make 3 ch., and work 5 tr. upon five, 3 ch., 1 d.c. on double crochet, 3 ch., 6 tr. on six treble, * 3 ch., 6 tr. on six, 3 ch., 1 d.c. on double crochet, 3 ch., 6 tr. on six. Repeat from *, and end with 3 ch., and join.

6th round—Make 3 ch., and work 5 tr. upon five, 3 ch., 6 tr. on six, * 7 ch., 6 tr. on six, 3 ch., 6 tr. on six. Repeat from *, end with 7 ch., and join evenly.

7th round—Slip-stitch on to the first treble to the left of the needle, make 3 ch. to stand for a treble, and work 4 tr. consecutive upon four of previous round, miss the small loop of chain, and do 5 tr. consecutive upon five, and omit the last treble of the group, * 3 ch., 6 tr. in the loop of seven chain, 3 ch., omit the first treble of the group, and work 10 tr. consecutive upon ten, missing the small loop of chain, and likewise omitting the last treble of the second group; now repeat from *, and the round will end with 3 ch., 6 tr. in the loop, 3 ch., and join as usual.

8th round—Slip as before, make 3 ch. to stand for a treble, and 7 more

treble consecutive, and omit the last treble of the group, * 4 ch., work 6 tr. upon the first three treble of the petal (2 tr. on each), 4 ch., 6 tr. upon the remaining three treble of the petal, 4 ch., omit the first treble of the group, and work 8 tr. consecutive upon eight, omitting also the last treble of the group, and repeat from *; end with 4 ch., 6 tr., 4 ch., 6 tr., 4 ch., and join.

9th round—Here work 6 tr. upon the six middle treble of the eighth of preceding round (counting three chain at the beginning as one), * 6 ch. 6 tr. on six, 3 ch., 1 d.c. in the loop, 3 ch., 6 tr. on six, 6 ch., 6 tr. upon six middle treble of eight, and repeat from *, and join evenly when the round is completed.

10th round—Work 4 tr. upon the four middle treble of the six of previous round, * 6 ch., 6 tr. on six, 4 ch., 1 d.c. on double crochet, 4 ch., 6 tr. on six, 6 ch., 4 tr. upon four middle treble of six, and repeat from *, and join evenly at the end of the round.

11th round—Work 2 tr. upon the two middle treble of the four of former round, * 7 ch., 6 tr. on six, 5 ch., 1 d.c. on double crochet, 5 ch., 6 tr. on six, 7 ch., 2 tr. upon two middle treble of four, and repeat from *, and join as before on completion of the round.

12th round—Work * 2 tr. upon two of preceding round, 7 ch., 6 tr. on six, 6 ch., 1 d.c. on double crochet, 6 ch., 6 tr. on six, 7 ch., and repeat from * and join evenly.

13th round—Work * 2 tr. upon two of former round, 7 ch., 6 tr. on six, 7 ch., 1 d.c. on double crochet, 7 ch., 6 tr. on six, 7 ch., and repeat from * to the end, and join as usual.

14th round—Make 3 ch., 1 tr. on first stitch by the needle, 2 tr. on treble stitch next (which practically widens the stem by making four treble over two of previous round), * 7 ch., 6 tr. on six, 8 ch., 1 d.c. on double crochet, 8 ch., 6 tr. on six, 7 ch., 4 tr. over two of the stem, and repeat from * to completion of the round; end with 7 ch., and join at stem.

15th round—Begin same way as preceding round and work 6 tr. over four treble of the stem, * 7 ch., 6 tr. on six, 8 ch., 1 d.c. on double crochet, 8 ch., 6 tr. on six, 7 ch., 6 tr. over four, and repeat from * to completion, ending with 7 ch., and join.

16th round—Begin same way, and work * 8 tr. over six, 7 ch., 6 tr. on six, 9 ch., 1 d.c. on double crochet, 9 ch., 6 tr. on six, 7 ch. Repeat from * to the end; join.

17th round—Here divide the stem in two parts, do * 4 tr. over four, 3 ch., 4 tr. over the other four treble, 7 ch., 6 tr. on six, 10 ch., 1 d.c. on double crochet, 10 ch., 6 tr. on six, 7 ch. Repeat from *; join at end.

18th round—Do * 4 tr. on four, 4 ch., 1 d.c. in adjacent small loop, 4 ch., 4 tr. on four, 7 ch., 6 tr. on six, 1 d.c. in top part of the open loop, 9 ch., 1 d.c. in top part of the next loop (the "rib" up the centre of the petal is thus bridged over), 6 tr. on six, 7 ch., and repeat from * to the end; join round.

19th round—Work * 4 tr. on four of former round, 4 ch., 1 d.c. in first loop, 5 ch., 1 d.c. in next loop, 4 ch., 4 tr. on four, 7 ch., 7 tr. consecutive

(six on treble and one on double crochet), 8 ch., 7 tr. consecutive (one on double crochet and six on treble, 7 ch., and repeat from * to the end, and join.

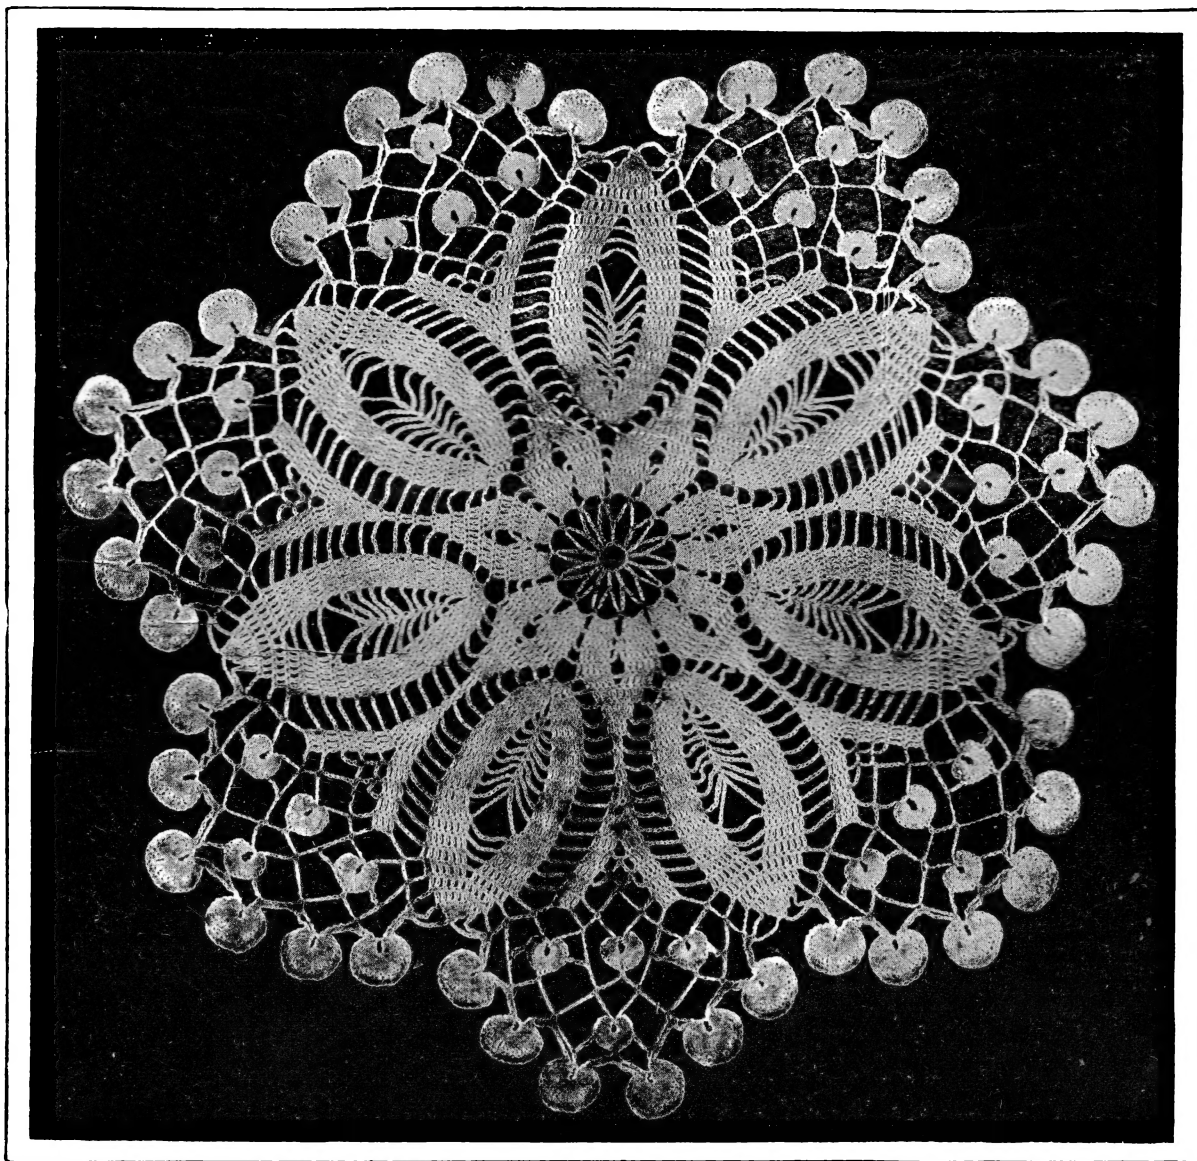

20th round—* Do 4 tr. on 4 tr., 9 ch., 1 d.c. in the middle loop, 9 ch., 4 tr. on 4 tr., 7 ch., 7 tr. on seven, 4 ch., 7 tr. on seven, 7 ch., repeat from star all round and join.

21st round—Work * 4 tr. on treble, 7 ch., 1 d.c. in first loop, 12 ch., picot by one double crochet in the seventh chain from the needle; then in the picoted loop do 1 d.c., 17 tr., and 1 d.c. (keeping the right side of the stitches to the front); then 5 ch., 1 d.c. in adjacent loop, 7 ch., 4 tr. on four, 7 ch., 7 tr. on seven, 1 ch., 7 tr. on other seven treble of the petal, 7 ch., and repeat from * to the end of the round; join, and break off cotton.

22nd round—Begin with 1 d.c. in the loop of chain intermediate between the spray and the petal, * 7 ch., miss the first treble of the petal,

first and the last stitches of the treble of former round, 7 ch., 1 d.c. in the adjacent loop, 5 ch., 1 tr. on the fifth treble on the side of the leaf, 8 ch., 1 d.c. on top of the same leaf, 12 ch., 1 d.c. in the loop standing in front of the leaf made in the twentieth round, 12 ch., picot in the seventh chain from the needle, and in this picoted loop work 1 d.c., 17 tr., and 1 d.c. (always keeping the right side of the stitches to the front), 5 ch., 1 d.c. in next loop, 12 ch., 1 d.c. on top of the next leaf, 8 ch., 1 tr. on the side of the same leaf, 5 ch., 1 d.c. in the loop adjoining the next petal, 7 ch., and repeat from * to the end of the round.

24th round—Work * 8 consecutive treble upon the eight middle stitches of the petal, 7 ch., 1 d.c. in adjacent loop, 13 ch., picot in seventh chain from the needle, and in this picoted loop do 1 d.c., 1 tr., 17 l.t., 1 tr., and 1 d.c., 6 ch., 1 d.c. in loop of eight chain, 13 ch., and form another leaf like the last, 6 ch., 1 d.c. in the next loop, 6 ch., 1 l.t. on the side of the central leaf, 9 ch., picot in seventh chain from the needle, and here fill

Dahlia d'Oyley.

and work 12 tr. consecutive across the petal, missing the central chain stitch and likewise omitting to work upon the last stitch, 7 ch., 1 d.c. in adjacent loop to the left, and now for the scallop make 12 ch., picot by 1 d.c. in the seventh chain from the needle; then in this picoted loop do 1 d.c., 17 tr., and 1 d.c., 5 ch., 1 d.c. in the loop next to the left of four treble stitches, 5 ch., cotton round the needle, and slant the hook to take up the fifth treble on the side of the leaf just accomplished, and work off as a treble stitch, 9 more chain, 1 d.c. on middle treble at top of the leaf made in previous round, 13 ch., 1 d.c. in the loop in front of four treble stitches, 12 ch., picot into seventh chain from the needle, and in this picoted loop work first 1 d.c. and 4 tr., then 1 tr., taking up in the fifth chain of thirteen in former loop, and 13 more treble and 1 d.c. in the picoted loop, 5 ch., 1 d.c. in the loop of chain between the spray, and the petal, and repeat from *; join evenly on completion of the round, and break off cotton.

23rd round—Work * 10 consecutive treble across a petal, missing the

up another similar leaf, 6 ch., 1 d.c. on the top of the central leaf. This is the middle of the scallop. Now 13 ch., picot, and work another leaf, 2 ch., 1 l.t. on the left-hand side of the central leaf, 6 ch., 1 d.c. in next loop, 13 ch., picot, and make another leaf, 6 ch., 1 d.c. in next loop, 13 ch. Picot and make still another leaf, 6 ch., 1 d.c. in next loop, 7 ch., and repeat from *, forming six leaves in every scallop to the completion of the round, and join evenly.

25th round—Work ** 6 half-treble stitches upon the six middle stitches of the petal—you leave one thread of each stitch upon the needle as you work—and then draw through all top threads together, 7 ch., 3 d.c. (one double crochet on double crochet of preceding round, and one in chain to the right, and one in chain to the left), 4 ch., 21 d.c. round the first leaf, 4 ch., 3 d.c. (as before), * 4 ch., 21 d.c. round the next leaf, 4 ch., 3 d.c., and repeat four times from *, and you will have edged with double crochet all the six leaves of the scallop. Then 7 ch., and repeat from ** to the completion of the round; join, and fasten off.

The Curzon d'Oyley.

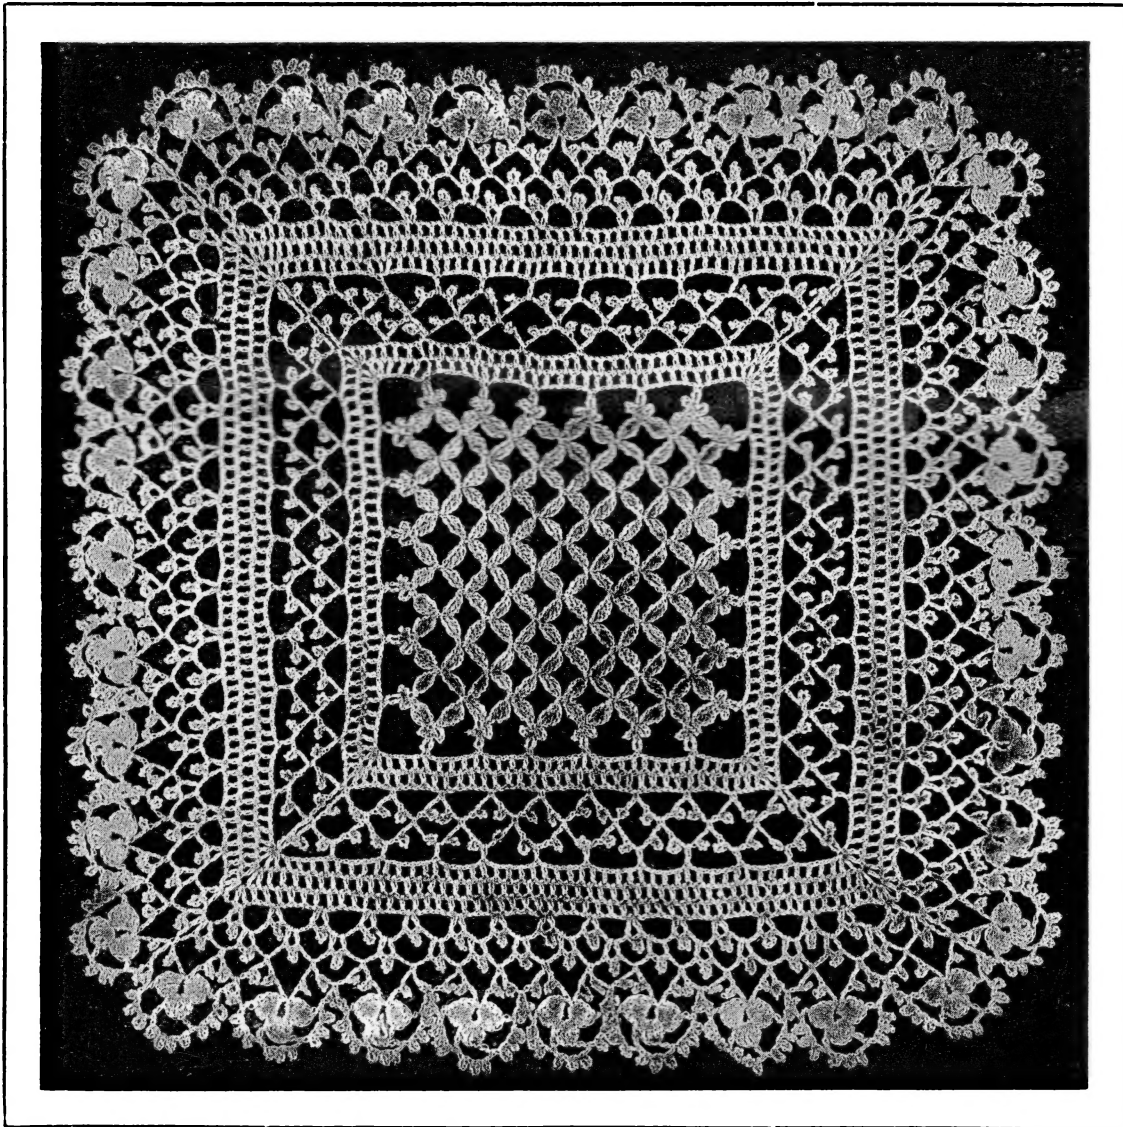

Abbreviations: ch., chain; tr., treble; d.c., double crochet; l.t., long treble; s.c., single crochet; a picot is a loop formed by working 1 s.c. in the sixth chain from the needle.

A SQUARE d'oyley, exceedingly lacy and elegant, suitable for dessert and other purposes, is here represented. It is worked with Ardern's No. 40 crochet cotton, or other cotton of equal fineness, and a No. 7 steel hook. The measurement of our model d'oyley is $7\frac{1}{2}$ inches.

Begin with the star pattern which forms the centre of the d'oyley, and is composed of "leaves," bordered with "picots." This demands

before to stand from the bottom of the star square, * 5 ch., 3 l.t. in the fifth chain from the needle, again 5 ch., 3 l.t. in the same way, then another group of picots, and repeat from * till you get a line of eleven leaves of long treble stitches and seven alternate groups of picots; make one more leaf, then one more group of picots, which last group is to stand at the right-hand corner of the square.

2nd row—Turn, and make two leaves (3 l.t. as before in the first, but 2 l.t. in the second), do 1 d.c. between the second and third leaves of previous row, * 2 leaves, 1 d.c. between the two following leaves, and repeat from *. There must be three long treble in the last leaf of the sixth

care in the working. Every outside leaf contains three long treble, but there are only two long treble in each of inner leaves.

1st row—Make 6 ch., 1 s.c. in the sixth chain from the needle, 5 ch., picot, by 1 s.c. in same place, 5 ch., picot again in same place. This forms a marginal group of three picots to stand at the left-hand corner of the d'oyley.

Now do 5th ch., and work a leaf as follows: 1 l.t., which is made by putting the cotton twice round the hook, then single crochet in the fifth chain from the needle, cotton over the hook, and draw through first two stitches on the hook, cotton over hook and draw through the next two stitches, thus leaving one stitch on the hook. Do two more long treble in this way, leaving one stitch on the hook after each long treble, so that when the three are completed there will be four stitches on the hook; then put the cotton over the hook again and draw through all the four stitches. This completes one leaf. Now do another group of picots as

pair; then do 1 s.c. in the root of the first made group of picots, and turn the work and single crochet along the edge of this last leaf.

3rd row—Make one leaf of 3 l.t., then a group of 3 picots. Turn the work and single crochet lightly down the edge of this last leaf, work a double crochet between two leaves of previous row, * make 2 leaves (2 l.t.), do 1 d.c. between the next two leaves, and repeat from *; at the end make 1 more leaf (3 l.t.) and 1 picot.

4th row—Make 2 leaves (3 l.t. in the first, but 2 l.t. in the second), do 1 d.c. between the second and third leaves from the needle, * 2 leaves, 1 d.c. between the two following leaves, and repeat from *, and end in same manner as the second row is ended.

Repeat the last two rows until ten rows are done.

11th row—Same as the third row.

12th row—As the second row, but work 3 l.t. in every leaf, and make a group of 3 picots between every set of two leaves. This is to correspond

with the working of the first row. Join at the completion of the pattern, and fasten off.

For the Border.—1st round—Begin in the sixth group of picots on the right-hand side of the square centre piece, there work 1 d.c., make 17 ch. to round the corner, 1 d.c. in the middle loop of the first picot on last row of the square, * 7 ch., 1 d.c. in middle loop of the next picot. Repeat four times from *; make 17 ch. to round the next corner, 1 d.c. in the middle loop of the first picot on side of the square. Repeat from *. Join evenly at completion of the round.

2nd round—Do 3 ch. to form a treble, 1 ch., miss 1 ch. of previous round, 1 tr. in the next stitch. Repeat this to the end of the row, and in the corner stitch put 4 tr. with 1 ch. between each. Do the other three sides and corners in the same way, and join evenly.

3rd round—Work this round in the same manner, commencing with 3 ch. for a treble, but place the treble stitches in the spaces between the trebles of previous round, and 4 tr. in the corner space, with 1 ch. between each treble.

4th round—This round consists of picoted loops. Make 1 d.c. in the first hole by the needle, * 8 ch., picot, 10 ch., picot, 2 ch., miss three holes, 1 d.c. in the next. Repeat from * to end of row, when the corner is reached. Here make a picoted loop as before, and 1 d.c. back again in the same place to form a long loop in the corner. Work the other sides and corners in the same way, making nine picoted loops on each side and one picoted loop in each corner, and join.

5th round—Work this round the same way as fourth round, but there will be ten picoted loops on each side and one in each corner. When the four sides are completed break off the cotton.

6th round—Begin with 3 ch. for treble in the chain between two picots, * 7 ch., 1 tr. in next loop in the space between the picots, and repeat from * all round. There will then be eleven loops of seven chain along each of the four sides of the square. Join evenly.

7th round—Make 3 ch. for a treble, 3 more treble with 1 ch. between, all in the corner stitch; then do 1 ch., miss one chain, 1 tr. in the next chain all the way round, but putting four treble in each corner, thus getting forty-seven holes along each side of square. Join.

8th round—Work exactly as previous round, getting four treble in each corner with one chain between each, and fifty holes on each side.

9th round—Again work in holes, putting 4 tr. in each corner, with a chain between each treble, thus getting fifty-three holes along each side. Fasten off.

10th round—Put 1 tr. in the first hole at the corner, 6 ch., picot, 1 other treble in the same space, 5 ch., 1 tr. in the third hole at the corner, * 6 ch., picot, 1 other treble in same place, 5 ch., miss two holes, 1 tr. in the next hole. Repeat from * four times; * 5 ch., miss three holes, 1 tr. in the next hole, 6 ch., picot, 1 other treble in the same place. Repeat from * eight times; * 5 ch., miss two holes, 1 tr. in the next hole, 6 ch., picot, 1 other treble in the same place. Repeat from * three times. This brings you to the second corner, when you should have sixteen loops. Work each side in the same manner, and join evenly.

11th round—Same as previous round, but get 2 picots loop and a loop of chain at each corner.

12th round—Shamrock leaves. Begin 1 d.c. in corner loop, 6 ch., picot in fifth chain from the needle, 9 ch., picot in sixth chain; in this picot work 1 d.c., 2 tr., 3 l.t., 2 tr., and 1 d.c., * 6 ch., picot in the fifth chain, 1 d.c., 2 tr., 3 l.t., 2 tr., and 1 d.c. forming the second leaf. Repeat from * for the third leaf; 9 ch., picot in fifth, 2 ch., 1 d.c. in loop of the preceding round; then 6 ch., picot in fifth, 9 ch., picot in fifth, 2 ch., 1 d.c. in next loop. Repeat the two sets of stitches alternately, beginning and ending each side with a shamrock set so that there are two shamrocks at each corner, thus counting nine on each side.

13th round—At the corner work 1 l.t. upon double crochet of former round between the two corner shamrocks, 6 ch., picot in fifth, 1 ch., 1 tr. on middle stitch of the first leaf of the shamrock to the left, make 3 picots as before, and 1 tr. on second treble of the middle leaf, 4 picots and 1 tr. on last but one treble of the middle leaf, 3 picots and 1 tr. on middle stitch of the third leaf, 6 ch., picot in fifth, 1 d.c. in space between the picots of the intermediate loop. Repeat all round, join evenly, and fasten off.

Delight or Disappointment

The material you use makes all the difference between success and failure. With a wool that snaps on the slightest provocation, or that shrinks and loses its colour at the first wash, you cannot hope for good results. Use
